

September 2011

COULD YOU BE THE ONE IN 2011!

MyRuby is proud to announce it is working with several of the region's most successful businesses to provide one lucky start up business with a whopping £50,000 worth of business support, which will include finance, design, advertising, PR and marketing, as well as £1,500 worth of telephone reception and virtual PA Services.

Natalie Perillo, Managing Director of MyRuby, comments: "We are delighted to be involved in this award again this year and to help the winning business by taking care of their calls."

Voice Communications is always keen to support businesses in the local community. Nichola Cain, Managing Director of Voice Communications comments: "Following the success of last year's competition, we are excited to be starting our search once again for THE ONE. The competition offers a fantastic opportunity for us to help an entrepreneur raise their profile through the power of PR."

If you're based in East Anglia, have been trading for less than five years and would like to be in with a chance of winning this incredible prize, simply visit www.eadt.co.uk/theone to fill out an entry form. Successful applicants will then be invited to an exclusive judging day, where the winner will be decided.

You can also find us on Facebook - www.facebook.com/pages/The-ONE-competition/189219454462292 - and follow us on Twitter - www.twitter.com/THEONECOMP2011.

MyRuby – so-called because of Natalie Perillo’s uncanny likeness to Ruby Wax – is designed for those who never seem to have enough time to take their phone calls but can’t justify the cost of another full-time employee. Or for those who need to get out of the office more but don’t have someone reliable to cover their calls, MyRuby really is the answer to many phone prayers.

-Ends-
